1. UrbanWINS CityMatch Host Application Form

Seeing a working initiative, functioning stakeholder cooperation or a well-organised procurement system can show that a solution proposed abstractly in a guidance document can work in practice. The aim of the CityMatch Exchange Programme is to help bring people together to develop competencies, share knowledge, ideas and working methods on sustainable and innovation procurement in the waste and resources sector.

The idea is that an employee or group of employees interested in the waste and resources sector visit another organisation working on this topic. The visit is meant to provide new experiences and ideas and will normally take between 1-4 days.

Please fill in this form, sign it and send a scanned copy to Philipp Tepper, philipp.tepper@iclei.org.
